Subject: COMMENT ON MICROSOFT AND DOJ SETTLEMENT

Renata B. Hesse
Antitrust Division
U.S. Department of Justice

Dear M. Hesse,

I believe that you have erroneously settled with Microsoft. You should have required much more in settlement terms. Microsoft can really do whatever they want under the terms of your settlement.

I have been in the computing and telecommunications business for about thirty years. I do not think that you have done anything that will cause Microsoft to change their operations.

Respectfully,
